

SCC DAILY COVID-19 STATEMENT 23rd APRIL 2020

Please see below the daily C19 update, which can be shared more widely. I look forward to hearing everyone clap once again tonight, it is my favourite time of the week hearing everyone come together.

Please remember to **STAY AT HOME. PROTECT THE NHS. SAVE LIVES.**

With best wishes,

Matthew Hicks
Leader, Suffolk County Council

Nicola Beach
Chief Executive, Suffolk County Council

Stuart Keeble
Director of Public Health, Suffolk County Council

Current UK Risk Level: HIGH

The risk to the UK has been raised to high (as of 13/03/2020).

As of 13 Mar, UK is in the 'delay' phase of the government's action plan to limit the spread of the virus.

Current UK Situation

- As of 9am 22 April, 411,192 people have been tested, of whom 133,495 have tested positive. As of 5pm on 21 April, of those hospitalised in the UK who tested positive for coronavirus, 18,100 have died. Full details and latest numbers are available [here](#).
- In Suffolk we have 715 confirmed cases. However, with routine community testing discontinued, these figures will not describe the full extent of cases locally. You can view the latest UK dashboard of cases by local authority [here](#).
- Government's daily press conference (22 April 2020) – transcript [here](#)
 - The greatest risk for us now, if we eased up on our social distancing rules too soon, is that we would risk a second spike in the virus with all the threats to life that would bring, and then the risk of a second lockdown which would prolong the economic pain that we're going through.
 - Tribute paid to armed forces and the whole MoD led by Defence Secretary Ben Wallace who have crucially helped build new NHS Nightingale hospitals and supported Local Resilience Forums in delivering PPE.
 - Press conference slides with the latest data from COBR coronavirus fact file (transport use, new cases, hospital admissions, deaths) and datasets available [here](#).

- View past press conferences on [YouTube](#)
- [Britain's biggest network of diagnostic labs are completed in 5 weeks](#) - Sites in Milton Keynes, Glasgow and Alderley Park in Cheshire are now live and are already testing thousands of patient samples for coronavirus (COVID-19) each day.
- [19,000 British travellers return from cruise ships after major international effort](#) - The FCO has worked with cruise operators and more than 20 international governments and militaries to arrange flights to get Brits home safely.
- [Letter to councils about extending the statutory audit deadlines for 2019 to 2020](#) - the publication date for final, audited, accounts will move from 31 July for Category 1 authorities and 30 September for Category 2 authorities to 30 November 2020 for all local authority bodies.
- [Transparency data on local authority payments to small and medium businesses](#) – the data shows the total amount of money that each local authority in England has received from central government and distributed to SMEs to date.
- [HM Treasury announces revision to the UK Debt Management Office's financing remit 2020-21](#) - The government has announced an unprecedented package of measures to provide the critical support needed by individuals, families and businesses, through the economic disruption caused by COVID-19.
- [Government begins large-scale virus infection and antibody test study](#) - 20,000 households in England are being contacted to take part in the first wave of a major new government study to track coronavirus (COVID-19) in the general population.
- [NHS England: Vulnerable people get direct line to NHS volunteer army](#) - Millions of vulnerable people and their families will be able to directly call on the army of NHS Volunteer Responders
- [BBC: Public Health England is recommending people consider taking daily vitamin D](#) supplements throughout the spring and summer as the coronavirus lockdown continues.
- [COVID mortality in Health & Care workforce](#) – Health Service Journal has published analysis of COVID-19 deaths amongst health and care staff. NHS staff have borne the brunt of the virus onslaught and there is high risk of death among Black and Minority Ethnic staff. The following table shows the distribution of 106 deaths reported in the media as of 22 April by sector and location:

Suffolk

Letters to Home First customers regarding changes to the provision of their care: Suffolk County Council have written to Home First customers to inform them of upcoming changes to the provision of their care, namely the introduction of new staffing. Home First will see an increase in new staff beginning to visit customers including: new recruits, returning Home First workers and redeployed staff from within the county council. All new staff will be fully trained, have the correct level of PPE, have had DBS checks and will be wearing Suffolk County Council identification badges, but may not wear the usual Home First uniform. Customers are encouraged to verify the identification of the

new staff and to contact the Home First team if they have any questions. The current workforce and new staff are fully supported by Home First Team Leads, Home First managers and Adult and Community Service management.

Personal Protective Equipment for frontline workers in Suffolk: A webpage has been set up on the Suffolk County Council website with information for health and care professionals about how to order, use and dispose of Personal Protective Equipment (PPE) safely; and how businesses can donate or supply PPE. Visit <https://www.suffolk.gov.uk/coronavirus-covid-19/suffolks-response/personal-protective-equipment-for-frontline-workers> for more information.

Mental Health resource for 19-25 year olds: More young adults in Suffolk will be able to seek help from Kooth after the free online counselling and emotional wellbeing support service has been extended in response to the coronavirus pandemic. Kooth was launched across the county on October 10 last year – World Mental Health Day – to provide support to young people aged between 11 and 18-years-old. But due to its success, and the outbreak of COVID19, it has now been extended to all young adults up to the age of 25. For more information visit; <https://www.kooth.com/>

A Space for Parents: Suffolk Family Careers have launched a new blog page on their website for parents. The space intended for those who are parent/carers of children and young people (CYP) who may have neurodevelopmental differences. This space will aim to provide some information and insights into topics they hope will be relevant and of interest to parents and parents are invited to provide their comments and queries via hello@suffolkfamilycarers.org. For more information visit; <https://suffolkfamilycarers.org/category/a-space-for-parents/>

SPCN Family Support Boxes: Suffolk Parent Carer Network (SPCN) have been hard at work getting Family Support boxes out to families. The support boxes are completely free – and are designed to help families get through this time. The boxes contain items such as sensory bags, adult or children colouring books, stress balls, bubbles. In the first 4 weeks of sending them out they have reached over 1,200 children, young people and families across Suffolk. If you have any queries or know someone who might benefit from a box please email admin@spcn.org.uk. The team are also here to support you via phone 07341 126455, or message SPCN on social media

Suffolk Refugee Support: Suffolk Refugee support have published their spring newsletter with information about how they are adapting their services during the coronavirus crisis. Read the newsletter here; <https://suffolkrefugee.org.uk/wp-content/uploads/2020/04/Suffolk-Refugee-Support-Spring-Newsletter.pdf>

Who is your community hero?: We know there are many unsung community heroes in Suffolk working tirelessly to support and/or help others. Community Action Suffolk have asked people to nominate their community heroes. Whether it's dressing up as a super hero to deliver food, taking part in fund raising challenges, starting a community response group, or going above and beyond to care for others with a smile to brighten someone's day; so many people are playing their part. There will be hundreds, nay thousands, of people across our county helping others and if we can say a big 'THANK YOU' to even just a few of them, it is a worthwhile endeavour. To make your nomination visit; <https://www.communityactionsuffolk.org.uk/community-hero/>

Clap for Carers: It is Thursday once again so please don't forget to #ClapforCarers tonight at 8pm and to praise the NHS. It is absolutely right that we show them our support and appreciation for all their tireless work but it is also worth remembering our other unsung heroes; care workers, social workers, family carers, foster carers, to name a few, during this show of appreciation.. These incredible people are showing great strength and dedication to others and are often doing this quietly in the background, just getting on and doing what needs to be done. Each and every one of them deserves to feel the support of the rest of the nation, so please try to think of them while we applaud our brilliant NHS this evening.

Useful Websites (any new guidance is in RED)

The existing guidance is being updated extremely regularly so please check any guidance relevant to your area to ensure that you are accessing the most up to date version. We are not including in this table all the published material but some of the key guidance that would be relevant to Suffolk County Council and our partners.
